

## ***DIY T-SHIRT FROM ODYSSEYBMX.COM***

( suggested use for iron-on t-shirt transfers )

- TIPS:**
- » closely follow the instructions on the transfer packaging
  - » press the iron **FIRMLY** and peel off the transfer while it's still hot
  - » best used on grey or white t-shirts
  - » cut out as close to the design as possible
  - » wash the shirt inside out during the first couple of washes
